## Vendor Certification

January 10, 2025

**SENT VIA EMAIL AND  
U.S. POSTAL MAIL**

Aaron Hoag  
Chief Technology & Digital Platforms  
US Department of Justice, Antitrust Division  
950 Pennsylvania Avenue NW  
Washington, DC 20530

### **Subject: Certification of Software Compliance with the Sherman Antitrust Act**

We hereby certify under penalty of perjury that the Revenue Management Product ("RealAccretive") developed by F9Analytics strictly complies with all legal requirements of the Sherman Antitrust Act (15 U.S.C. §§ 1–7). Furthermore, we certify that the software was designed and developed for the sole-purpose of replacing legacy non-competitive software, and that the software meets or exceeds all legal requirements and restrictions imposed on third-party revenue management products(s) as stipulated in United States of America v. Cortland Management, LLC (Case No, 1:24-cv-00710-LCB-JLW).

### **Compliance with the Sherman Antitrust Act:**

The software does not engage in any practices that would constitute price-fixing, or promote collusion among market competitors.

The software ensures that all pricing strategies and management tools are developed and implemented in a manner that promotes fair competition and does not restrain trade or commerce.

### **Performance-Based Fair Competition:**

The software is designed to enhance market efficiency and transparency.

It provides tools that enable users to make informed pricing decisions based on public economic data and private investment market assumptions.

The software supports fair competition by preventing anti-competitive practices and fostering an environment where businesses can compete on the merits of their products, services, and operational investment expertise.
